

University System of Georgia

Spring 2024 - Summer 2025

Dual Enrollment Admission Requirements

Thank you for your interest in dual enrollment and the University System of Georgia (USG)! With [26 colleges and universities](#) across the state, the USG offers many opportunities for high school students to enrich their high school experience and get a jump start on college. This resource is designed to help future dual enrollment students identify the colleges and universities that best fit their interests, location, and academic credentials.

DUAL ENROLLMENT ADMISSION REQUIREMENTS

TEST SCORES

The USG dual enrollment test score requirements are waived through summer 2025 but institutions may opt to continue to require test scores. Please see the requirements listed in this document for each college and university. Those wishing to participate in dual enrollment in the 10th grade should be aware of the additional score requirements for the Dual Enrollment Funding Program as a 10th grader attending a USG college or university. Additional information regarding the funding requirements can be found in the Dual Enrollment Program Funding section below and on the [GAfutures Dual Enrollment webpage](#).

REQUIRED HIGH SCHOOL CURRICULUM

Applicants are required to submit a high school transcript showing they are on-track for meeting high school graduation requirements and completing the 17 units of the USG's Required High School Curriculum (RHSC). Additional information on the RHSC can be found on the USG's [Staying on Course](#) document. Completion of the RHSC is required for freshman admission.

HIGH SCHOOL GRADE POINT AVERAGE

A minimum High School Grade Point Average (GPA) is required for dual enrollment admission. The GPA is based on the RHSC units completed at the time of admission and is calculated by converting an applicant's numerical grades to letter grades based on the conversion table provided by their high school. Those letter grades are then converted to quality points as follows:

A = 4 B = 3 C = 2 D = 1 F = 0

NON-ACCREDITED HOMESCHOOL AND HIGH SCHOOL STUDENTS

The USG recognizes accreditation from the following accrediting bodies:

- [Cognia](#)
- [Association of Christian Schools International](#)
- [Georgia Accrediting Commission](#)
- [Georgia Association of Christian Schools](#)
- [Georgia Independent School Association](#)
- [Georgia Private School Accrediting Council](#)
- [Southern Association of Independent Schools](#)

Applicants who attend a homeschool or high school not accredited by one of the above must document their Required High School Curriculum (RHSC) units through the submission of a curriculum packet. The packet must include the course title, description, learning materials utilized (textbooks, software, reading lists, etc.), year completed, course credits and grade earned, and the school, institution, or program through which the course was taken (homeschool program, private/public school, online program, postsecondary institution, etc.) for each unit. Institutions may require additional documentation (such as course learning outcomes) and/or test scores to further assess subject competency and preparation for college-level coursework. Students should contact their institution of interest to learn more.

PARENT/GUARDIAN APPROVAL

Parent/guardian approval is required. The approval is obtained through the Dual Enrollment Program funding application for students eligible for funding. The student and parent/guardian portion of the funding application must be submitted prior to admission and the high school portion is required for registration. Students planning to enroll in course hours ineligible for funding must submit a [Self-Pay Course Approval Form](#) which includes a section for parent/guardian approval. Students enrolling in a mix of funded and unfunded hours must submit both a funding application and a Self-Pay Course Approval Form.

COURSE PREREQUISITES AND PLACEMENT

Students must work closely with their high school counselor and college advisor to ensure enrollment in appropriate courses.

Enrollment in a course is subject to availability and course prerequisites/corequisites must be met. The following English and math placement requirements apply but institutions may have additional or higher requirements:

Appropriate coursework completed at another college or university may also satisfy placement requirements.

USG Dual Enrollment Placement Requirements for ENGL 1101, MATH 1001, MATH 1101, MATH/STAT 1401, & MATH 1111							
Course	High School Courses & GPA	or	SAT/PSAT	or	ACT/PreACT	or	Accuplacer
ENGL 1101	2.7 with at least 2 RHSC English units must be successfully completed prior to enrollment.	or	480 Evidence-based Reading & Writing	or	17 English or 17 Reading	or	237 Reading Comprehension & 4 WritePlacer
MATH 1001 MATH 1101 MATH 1401 STAT 1401	3.1 with Algebra II, Advanced Algebra or equivalent HS course successfully completed prior to enrollment.	or	440 Math	or	17 Math	or	258 Quantitative Reasoning, Algebra, and Statistics
MATH 1111	3.2 with Algebra II, Advanced Algebra or equivalent HS course successfully completed prior to enrollment.	or	510 Math	or	20 Math	or	266 Quantitative Reasoning, Algebra, and Statistics

Students who have not successfully completed high school Algebra II/Advanced Algebra (or the equivalent) are not permitted to enroll in any college math course regardless of test scores or high school GPA.

Additional information can be found on the [USG Mathematics Placement Processes and Recommendations for Dual Enrollment Students](#) and on the [USG Science Course Recommendations for Dual Enrollment Students](#) documents.

DUAL ENROLLMENT PROGRAM FUNDING

Dual enrollment admission does not guarantee eligibility for funding and students who are eligible for funding may have some expenses. Students are encouraged to review the [GAFutures Dual Enrollment page](#) to learn more about the funding requirements and limits. Students in the 9th grade are not eligible for program funding. Students in the 10th grade must have a minimum SAT Total score of 1200 or a minimum ACT Composite score of 26 in a single national test administration to be eligible for funding while attending a USG institution. PSAT, PreACT and Accuplacer scores cannot be used to qualify for 10th grade funding. In accordance with O.C.G.A. 20-3-519, if applicable, male students must meet federal Selective Service registration requirements to be eligible for funding. Please visit the [GAFutures Dual Enrollment Eligibility page](#) for additional information on the selective service requirement.

Students planning to receive Dual Enrollment Program funding must submit a funding application through their [GAFutures account](#). The student and parent portion of the funding application must be submitted before the student is admitted. The high school section of the funding application is required for registration.

The [Dual Enrollment Course Directory](#) provides the courses eligible for Dual Enrollment Program funding. Students may be eligible to enroll in courses not listed on the Directory but are responsible for the cost of their textbooks, tuition, and fees charged by their institution.

Students planning to enroll in any course for which they will not be eligible for Dual Enrollment Program funding for any reason (enrollment in an ineligible course, enrollment in the 9th grade, enrollment in the 10th grade without the minimum SAT/ACT scores required for funding eligibility, enrollment after the funding cap has been met, enrollment in a repeated course, etc.) must submit a [Self-Pay Course Approval Form](#). Students enrolling in funded and unfunded hours must submit both a funding application and a Self-Pay Course Approval Form.

ADDITIONAL INFORMATION

Additional information about each institution's Dual Enrollment program, including important deadlines, can be found on their Dual Enrollment webpage. A link to each institution's Dual Enrollment page can be accessed at www.usg.edu/student_affairs/prospective_students/dual_enrollment_applications.

This document is provided as a guide. Admission eligibility is determined after a complete review of an applicant's admission application and documents. Meeting the minimums provided on this document does not guarantee admission. Questions regarding admission to a specific college/university should be directed to the Dual Enrollment point of contact in the institution's Office of Admissions. The Dual Enrollment contacts are available at www.usg.edu/institutions/directories/dual_enrollment_contacts/. General questions regarding this document may be submitted to the USG Office of Enrollment Management & Student Affairs (student-affairs@usg.edu).

Students should be aware that additional requirements may need to be met for admission and continued enrollment after high school graduation. Additional information on freshman admission requirements can be found at www.usg.edu/freshman.

University of Georgia

Athens, GA | [Dual Enrollment Admissions](#)

REQUIREMENT	MINIMUMS
HS GPA:	3.8
AGE/GRADE LEVEL:	Successful completion of 10 th grade by the time of enrollment is required.
TEST SCORES:	1180 SAT Total OR 24 ACT Composite
ADDITIONAL REQUIREMENTS/ INFORMATION:	<ul style="list-style-type: none"> UGA receives a larger number of applications from academically qualified students than the institution has the capacity to admit and enroll. The above GPA and test scores reflect minimums and, as a whole, averages for admitted students are higher. Admission review considers most strongly the course selection and grades from high school. Participation is limited to residents of the following counties surrounding the greater Athens area: Banks, Barrow, Clarke, Elbert, Franklin, Greene, Hart, Jackson, Madison, Morgan, Oconee, Oglethorpe, Stephens, and Walton. Students must submit a high school transcript showing they are on-track for graduating high school and completing the USG's Required High School Curriculum (RHSC). Parent/guardian consent is required. The consent is obtained from the GAfutures Dual Enrollment Funding Application for those eligible for funding and from the Self-Pay Course Approval Form for those ineligible for funding. Please see page 2 for additional information. In accordance with Board of Regents Policy 4.1.6, UGA requires proof of lawful presence in the U.S.
